

SPX Athletics Registration Form (2026-2027)

At the bottom of this page, is a link to sign up for next year's SPX athletics programs. When filling it out, please sign up with your child's NEXT year grade. Since the athletic fee is up front, be sure your child is ready to be committed to playing before registering. After registration is complete, you will receive a receipt that you can keep track of, in case you are not sure if you signed up for a particular sport or not.

All registration information comes to me, so that I can keep track of how many players we have from each grade for each sport.

If you know your daughter will play volleyball, sign up ASAP. It helps me have an idea of how many teams from 6th-8th grade I can expect SPX to have.

Let me know if you have any questions. Thank you!
